## POMPONETTE

A new and distinct type of pompon particularly suited to pot culture. Its habit is dwarf, compact and branching, forming a finished plant about 12-15 inches in height. Grown in cold frames without protection it will flower naturally about September 20th — under glass in early October, so that its season can be timed readily. It requires little or no pinching.

Blossoms are comparatively large,  $2\frac{1}{2}$  inches across and very double. Color is warm bronze in the bud or partially opened flower finishing a clear primrose yellow. It should prove an ideal subject for pot culture.

**\$2.50 per 10, \$15.00 per 100, \$125.00 per 1000**

## MELODY

A splendid free-flowering single Korean quite distinct in its rugged branching habit and fine effect. Flowers are all of medium size, with three rays of petals and slightly cupped in form. Blooms December 1-10.

Flowers attain a diameter of about 4 inches when disbudded to 3 flowers per spray; can also be grown disbudded to 1 flower.

A free grower with relatively small foliage.

## GLEAM

A large anemone with a low well proportioned center.

Color is a clear deep sulphur yellow which does not fade.

Blooms about December 5.

Diameter of flower is about 5 inches when disbudded to 1 flower or about 3½ inches when 3 flowers are allowed to develop on a spray.

This variety has outstandingly free growth, is very productive, and has exceptional keeping qualities.

### Price for Rooted Cuttings:

**\$2.50 per 10, \$15 per 100, \$125 per 1000**

## **BLAZE**

This variety is a vigorous grower, tall, has attractive small dark green foliage; is free of blind growth; a good producer and easy to grow.

### **Price for Rooted Cuttings:**

**\$2.50 per 10, \$15 per 100, \$125 per 1000**

## **FAWN**

A bright golden yellow single. Blooms December 5.

Flowers are 2 inches in diameter, with 5-6 rows of sturdy petals.

This variety has a good wiry habit of growth, attains a medium height and fills the need for a good quality, late, yellow single.

**\$2.50 per 10, \$15 per 100, \$125 per 1000**

## **VIKING**

A heavy petaled bronze single.

Color is an intense, deep bronze on immature petals shading to a golden bronze as they mature. Very striking under artificial light.

Blooms December 1.

Flowers attain a diameter of 2½ inches. The 5-6 rows of petals are so arranged as to give depth and design to the flower.

This variety makes a strong vigorous growth and is a fair producer.

### **Price for Rooted Cuttings:**

**\$2.50 per 10, \$15 per 100, \$125 per 1000**

## **PEARL**

# Pompon and Decorative Commercial Varieties

The term pompon is applied to those varieties which are of the true rounded type, and those very nearly approaching this type.

Decorative varieties are those which are a distinct departure from the rounded type. Their flowers are less compact, partly reflexed and display more of the color of the inner side of the petals.

Size of flower is indicated by S—small; Int.—intermediate; L—large.

**M**ANY of the largest growers in America have decided that it is more profitable to secure cuttings every year at the low prices offered rather than propagate their own stock. This enables the florists to assure themselves of robust plants free from disease and true to name.

Look this list over carefully for better varieties. Should you require information, write us. We will advise you what the large growers are producing. If you are having trouble with any of your varieties we will try to recommend better ones.

**SPECIAL EARLY ORDER DISCOUNT.** When an order is placed two months, or more, in advance of delivery date, a discount of 5% is allowed, **provided delivery date is April 1st, or later.** Be sure to show on your order, date cuttings are wanted.

**Special Discounts for Large Orders:**  
The following discounts, for quantities given, will apply on orders placed **at one time** for the quantity on which discount is taken.

5% discount for an order of 10,000  
7½% discount for an order of 25,000  
10% discount for an order of 50,000

	Rate per 100	Rate per 10	Rate per 100	Rate per 10
Please note accompanying schedule showing rates per 100 and corresponding rates per 10. <b>We do not supply less than 10 of any variety</b> , except first year Novelties.	\$3.00	\$ .50	\$ 8.00	\$1.50
	4.00	.50	10.00	1.50

**Please Note:**  
**In figuring your order**, please note that ten cuttings are billed at the ten rate; 15 or 20 also at the ten rate; 25 cuttings at the hundred rate; 250 cuttings or more, of one variety, at the thousand rate. **Please note this carefully.** Also, if your order should total 900 cuttings (for example: 100 each of 9 varieties at \$3.00, total \$27.50, while if 1000 are ordered, the thousand rate would apply at \$27.50). This point should be watched in figuring your order so that you may have advantage of the thousand rate, on the entire order. Thus, you will note, 1000 cuttings can be purchased for just a little more at the thousand rate, than 900 cuttings figured at the hundred rate. **Watch this.**

Because of the perishable nature of Mum Cuttings, we do not send them C. O. D. but when necessary to do so, we request that 50% of the amount be enclosed with your order.

**Shipping Information:**  
All our stock is propagated at Barberton, Ohio, from where it is shipped by Express Collect. We do not advocate shipping chrysanthemum cuttings via parcel post.
